Americans with Disabilities Act (ADA)

If you are under age 65 and in need of Dial-A-Ride services you can apply for an ADA card.

The purpose of ADA paratransit service (often referred to as a Dial-A-Ride service) is to provide equal transportation for persons unable to use regular fixed-route bus service due to a disability or other condition.

Curb-to-curb or door-to-door service (depending upon the community) is also available for persons unable to use the fixed-route service who have been certified under the ADA.

Submit an application online: <https://www.goventura.org/getting-around/ada-certification/>

Once you have submitted your application to the ADA Certification Coordinator, you may be contacted for an in-person interview. This interview will take place in Camarillo, Simi Valley, Thousand Oaks, or Ventura/Oxnard, depending upon your home location. Free transportation will be provided upon request to/from the interview site.

During the interview you will have the opportunity to learn more about ADA services in your area and will be asked to answer some questions about your disability or condition.
