

A comprehensive assessment performed in the home and individualized to your specific needs and concerns

Are you caring for parents long distance and want to have a qualified social worker visit them and assess their needs?

Are you caring for a loved one at home? Would you like to have your safety and care needs evaluated by a professional?

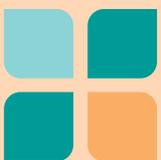

Do you live alone and want to know your options for care and assistance as you age in place?

A geriatric assessment professional can provide a fresh perspective on your situation, help clarify your options, and provide compassionate support for you and your family—bringing peace of mind throughout the process.

Each comprehensive in-home geriatric assessment has a fee of \$350.

This includes:

- Pre-phone consultation to understand your goals for the program
- In-person comprehensive assessment including a home safety assessment
- Post assessment in person meeting to review care plan and recommendations
- Written recommendations and resources specific to your needs and goals

Our Geriatric Assessment program service areas include: Simi Valley, Moorpark, Thousand Oaks, Newbury Park, Oak Park, Westlake Village and Agoura Hills.
